What did you find most interesting, enjoyable or useful about the workshops?

Tools to deal with our emotions, breathing techniques, and tapping. Tutor was excellent, really loved to hear about her daughter.

Would you like more of these sessions at school and why?

Yes. The more parents that learn these sessions the more positive parenting there will be.

Are there any areas that you would like to see changed? If so what would they be?

I would have liked these sessions in Year 7 or 8 at the start of school. I would like Year 11 stressed students to learn these sessions for their exams.

What have you learned from the session?

How to stay calm and how to learn to equip your children for the world.

It will improve their results.
